Experience

MAY 2023 - PRESENT
WALT DISNEY ANIMATION STUDIOS – Lighting & Compositing Artist

Responsible for lighting, rendering, and compositing shots together with both character and environment renders into a final frame until it met the vision of the Director, Production Designer, Director of Cinematography: Lighting, and Lighting Supervisors. Presented shots in a dailies environment, effectively communicated issues regarding assigned shots, and delivered top-notch work within production deadlines.

APRIL 2021 - MAY 2023
SONY PICTURES IMAGEWORKS – Lighting & Compositing Artist

Designed and implemented lighting of characters and environments for complex shots. Received art director feedback and approached the most efficient and desirable result before deadlines. Tackled difficult compositing tasks that saved re-renders to address notes. Debug and optimize conflicting scenes with complex geometry and FX data.

JUNE 2019 - MARCH 2021
DOUBLE NEGATIVE – Lighting Technical Director

Technical Lighting work on high quality CG doubles, environments, vehicles, and FX using Clarisse. Minor Look Development on specialized assets. Work included Feature Animation (ReDefined), and Live Action VFX.

MAY 2018 - MAY 2019
MPC – Mid Lighting Artist

Produced high quality lighting and rendering for CG and Full CG scenes. Created key light rigs and HDRI's, using Katana and Renderman. Managed small team and sequences.

JUNE 2017 - SEPTEMBER 2018
ARTELLA – Lighting Lead

Responsible for creating and managing show lighting and lookdev setups. Created key light rigs for multiple sequences of Full CG animated work. Using Maya & Arnold.

MARCH 2018 - AUGUST 2018
HEROMATION – Lighting Artist

Lighting artist on virtual collaboration short film. Using Maya & Redshift.

Education

2012 - 2016
PAINT BRANCH HIGH SCHOOL
